Objective

As a recent graduate, I am seeking a role which allows me to continue learning and perfecting my skills as I provide high-quality work, and encourages me to flourish as a network technician.

Experience

- Shoppeal tech pvt.ltd** 18/03/2023
Software engineer intern
I am helping shopeak tech organization to make there onboarding process digital by creating website for organization.
- Think and learn pvt.ltd** 20/10/2022 - 3/02/2023
Business development trainee
Doing cold calls and schedule meetings with potential customers and selling product on zoom video call
- ARMIET College of engineering** 4/04/2023 - 9/09/2024
Assistant professor at department of computer science artificial intelligence and machine learning
I am working as a professor in department of computer science engineering in one of the fastest growing branch artificial intelligence and machine learning.
- Sardar Patel institute of technology: teaching programming subject** 17/09/2024

Education

- National school, ulhasnagar** 2010
SSC
74.4
- New English junior college** 2012
HSC
72.6
- M.G.M's college of engineering and technology** 2016
B.E in electronics and Telecommunication
6.58
- Veermata jijabai technological institute** 2020
M.Tech in electronics and Telecommunication
7.79

Skills

- Antenna design,embedded programing,C, C++,Python, Tableau, power BI, SQL data base. Excel,Microsoft power point, MATLAB, HTML.
- Retrieving and analysing data using various tools so we can come to the conclusion, transport and load ETL pipelines, predictive and exploratory data analysis.

Projects

- Netflix data analysis project**
Exploring datasets of Netflix for Future Release of TV shows and Movies on the Platform. Visualisation Using Tableau, power BI tools. In this project, I have explore the data.how many movies and TV shows are released in specific time frame, how many movies and TV shows are release in the recent ten years on the platform, and what were the top 10 genres that the audience of the Netflix platform liked the most. From here, we would like to apply a machine learning approach to understand the data fully and provide a great solution where the platform should be headed to. we have discovered that there were a wide variety of genres that movie directors produced worldwide and we have observed many cast members and genres they were in.
- Fortune 500 company data analysis**
analyze publicly available information about a Fortune 500 Company and develop an assessment of the

corporate strategy and its ability to increase competitive advantage.

This assignment requires you to obtain and analyze information at the company, industry and market levels using tableau and power BI.

- **Determined Credit card detection fraud using AI**

Analayzed customer's transactional behaviour can be by AI to predict future behaviour from that user.by using AI tools was able to identify money laundering using specialized algorithms that can sift through enormous amounts of data and raise an alert.

- **Knowledge representation using AI**

Knowledge Representation in AI describes the representation of knowledge. Basically, it is a study of how the beliefs, intentions, and judgments of an intelligent agent can be expressed suitably for automated reasoning.

- **Image recognition using AI**

Image recognition allows machines to identify objects, people, entities, and other variables in images. It is a sub-category of computer vision technology that deals with recognizing patterns and regularities in the image data, and later classifying them into categories by interpreting image pixel patterns.

Image recognition includes different methods of gathering, processing, and analyzing data from the real world. As the data is high-dimensional.

- **Railway movable platform**

This project was to help disabled people to cross railway platform without using staires i have used various sensors and embedded program to make this project.

- **Wireless Industrial security robot**

This project is used to curbed industrial accident using wireless robot. To detect industrial misshape in hazardous situation

Interests

- Managing Extracurricular activities
- Reading
